

Elements of AI

Massive Open Online Course

Demystify Artificial Intelligence

Are you wondering how AI might affect your job or your life?

Do you want to learn more about what AI really means — and how it's created?

Do you want to understand how AI will develop and affect us in the coming years?

«Elements of AI» is a series of free online courses created by MinnaLearn and the University of Helsinki. We want to encourage as broad a group of people as possible to learn what AI is, what can (and can't) be done with AI, and how to start creating AI methods. The courses combine theory with practical exercises and can be completed at your own pace.

Join us now and benefit from exclusive webinars led by experts from the University of Luxembourg!
